

# SROA Public Works Building “The Round House”

## A peek inside and the issues

- Efficiency
- Preservation of equipment
- Safety standards
- Employee health

- The SROA Operations Team calls this their home base.
- These are the people that keep the roads, pathway, parks and many other areas in Sunriver safe and cared for.

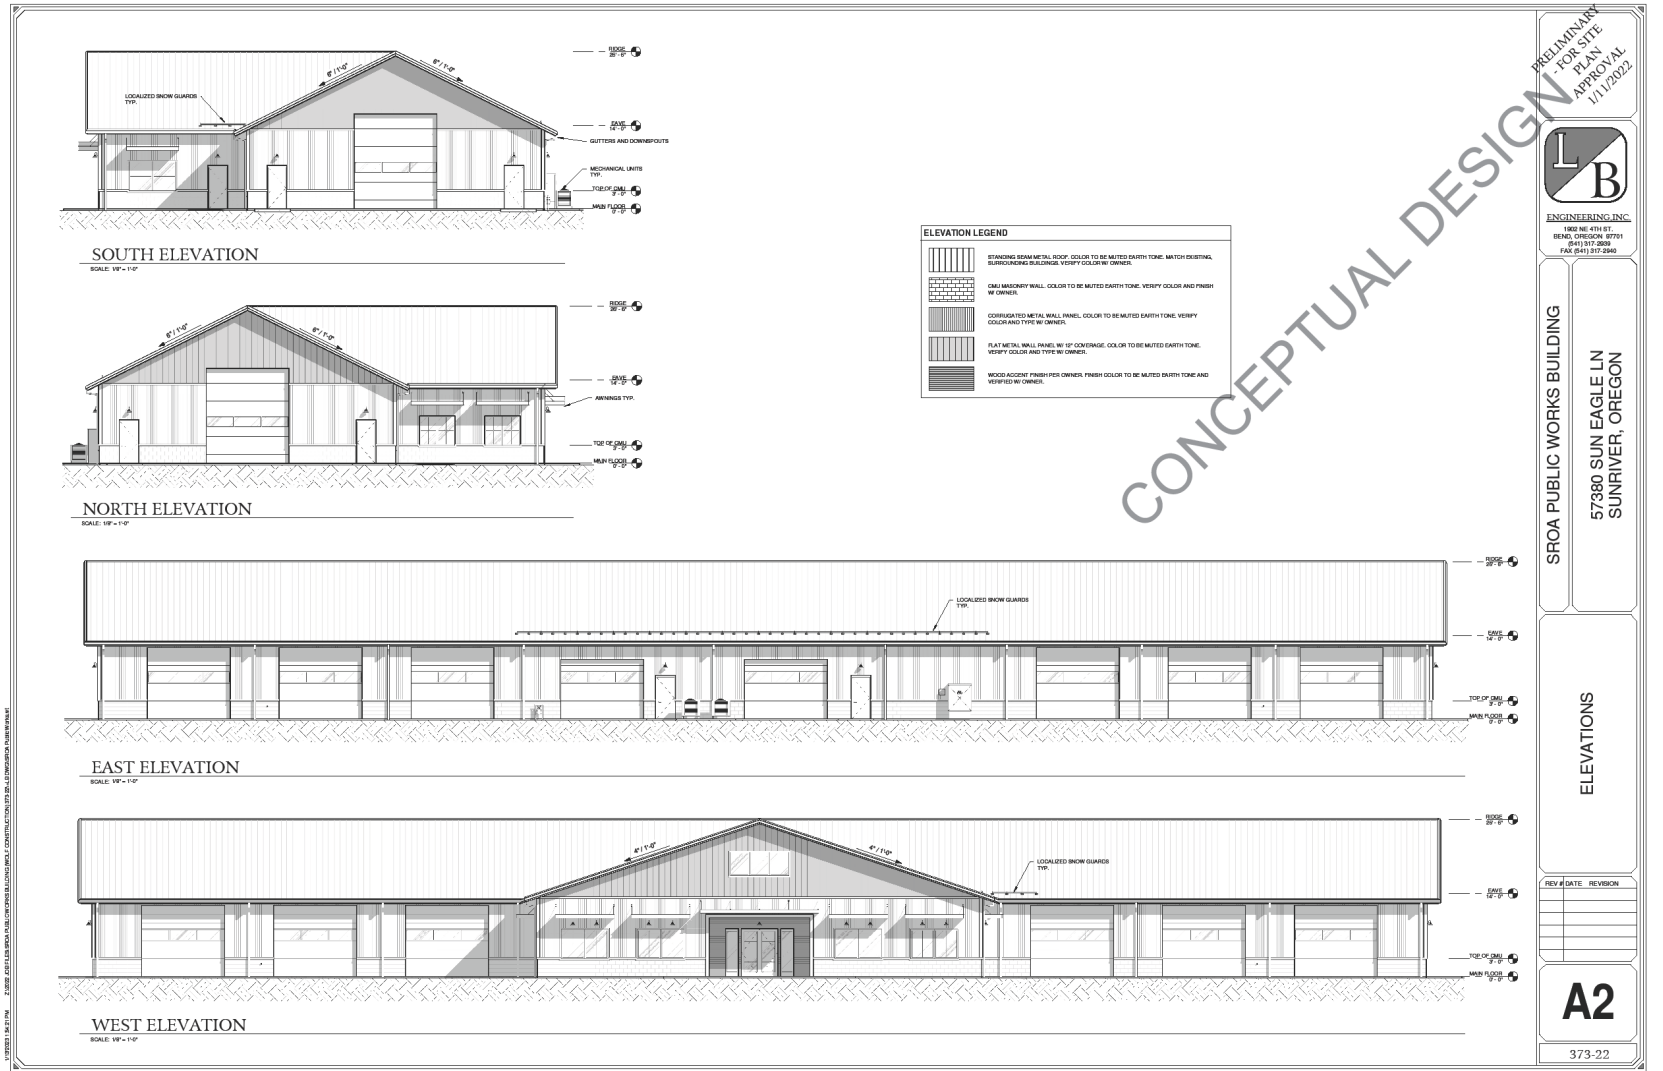

# Public Works Campus

- The new 13,500 sf building will include
  - Office space
  - Breakroom
  - Two restrooms
  - Tool/equipment storage
  - 12 parking bays

The annex building will be the temporary workstation and then repurposed for storage

This project is fully funded as a reserve replacement item and approved by the SROA Board

Construction to start spring/summer 2023
